

It took quite a lot of grovelling to get you this beautifully techno-coloured map but I thought it would be a Jolly Decent Thing To Do if I published some tips with it as well. So drool over the map and start solving the adventure. This month I've published the tips which are needed to rescue Wilma

First of all get the Mint from the sign outside the Trading Post then get Wilma's Handbag from the beach. To get to the beach go through the picture in the room that contains the table. As long as you have the Handbag in your possession the crocodile will not harm you. Go to the screen with the Ice Cube in it and press the Action key. Now pick up the Hole and go right until you are just past the crocodile, now drop the Handbag. Take the Gold Fish Bowl and the Hole to the Wishing Well screen, stand at the far left of the screen and press the Action key. Go left into the new screen and take the Skeleton key, the spider will not move as long as you have the Bowl.

Go through the picture again and into the sea, pass over the locker and the door will open. Take the Spinach and drop it in a convenient place. Go back to the room with the picture in it and get the stuffing from underneath the table, go to the room with the big bird in it. Take the Egg but don't drop the stuffing while you are in the same room as the big bird. With the Egg and the Spinach proceed to the room that contains the sign 'Geyser', now pull the rope and run to the water. Jump up the geyser. Jump into the nest and swap the Spinach for the Bow and Arrows. Now go down and drop the Egg. Go to the screen that contains Wilma and shoot the native with the Bow and Arrows.

Proceed to the screen with the well in it and jump down. Go to the centre of the well and press the Action key. Take the bottle and climb out of the screen by going to the right of the screen and keeping the Action key depressed. With the Bottle and the Corkscrew return to the crocodile screen. Get the Bottle and the Corkscrew past the crocodile one at a time by using the Handbag. Standing over the Coconut with both of the objects press the Action key. Take the Bottle of Oil and the Blunt Axe to the screen with the hut and the car. Pass over the front wheel of the key and press the Action key. With the Sharp axe return to the screen with Wilma and cut her down by pressing the Action key.

That's it.
